ENTERTAINMENT CENTERS

MEDIA CENTERS ARE A FASHIONABLE FEATURE IN NEW HOMES and a popular remodeling project for existing homes. With open floor plans, the media room is often designed adjacent to the kitchen, and it makes good sense to visually tie these rooms together with cabinetry styling and finishes.

Dura Supreme's entertainment cabinetry is designed to fit the conventional sizing requirements for media components. And with our entertainment accessories, your sound system, speakers, gaming systems, and movie library can be fully integrated into the cabinetry.

The media centers shown throughout this design portfolio are just a few examples of the many different looks that can be created with Dura Supreme's entertainment cabinetry. The quality construction you expect from Dura Supreme, with all of our door styles, wood species and finishes, to create the one-of-a-kind look that perfectly complements your home and your lifestyle. Contact your Authorized Dura Supreme dealer to explore all of our creative cabinetry solutions for your home entertainment center.

Entertainment cabinetry shown with Vintage Beaded Panel door style, in Cherry with Heavy Heirloom "K" finish.

An attractive surround for this flat screen TV is created with a console and two tall entertainment cabinets. Shown with Vintage Beaded Panel door style, in Cherry with Heavy Heirloom "K" finish.

The entertainment cabinetry is designed to perfectly fit this large screen TV. Shown with Chapel Hill Classic door style, Beaded Inset, in Maple with Vanilla/Espresso Glaze with Rub-thru.

Entertainment cabinetry from Dura Supreme can be designed to integrate seamlessly with furniture and other cabinetry within the home. Shown with Montego door style, in Knotty Alder with Heavy Patina "D" finish.

Pull-outs offer convenient storage for DVDs and CDs.

Speaker cloth can be specified in place of any door panel so that the sound system can be fully integrated within the cabinetry.

Towers on either side of the TV can be used to organize movies and CDs.

Roll-out, media shelves are convenient for audio/visual components and gaming systems.

Drawers can be specified with an adjustable DVD/CD file system.
