## Lighting

Deck lighting is available with TimberTech, Trex, and RDI. Ask a sales associate to learn more about the options we offer.

# DECKING & RAILING

- **High-performance composite deck boards that are engineered to resist fading, scratches and stains, and eliminate time-consuming maintenance**

- Grooved edge boards are available in 12', 16' and 20'
- Solid edge boards are available in 16' and 20'
- Fascia boards are available in 1x12x12
- Riser boards are available in 1x8x12

## TimberTech

- **Designed to resemble your favorite wood species and types, these boards deliver premium aesthetics and natural-looking composite decking while also resisting fading, staining, splinters, peeling, cracks and rot**

- Grooved edge boards are available in 12', 16' and 20'
- Solid edge boards are available in 16' and 20'
- Fascia boards are available in 1x12x12
- Riser boards are available in 1x8x12 in specific colors only

### Installation:

- Toploc – Used for PVC and composite decking and fascia boards.
- ConcealLoc – Stainless steel hidden fasteners to be used with any grooved edge decking.
- Cortex – Screws and plugs used for solid edge boards, actually made out of the decking material itself.
- Uni Clip – For Trex boards only

- **Living your best life outdoors means having a space that's durable, low maintenance, and suits your style. With lots of customization options, it's easy to create a unique look that fits your lifestyle!**

- Trex – Available in composite and aluminum, with round and square baluster options.
  - TimberTech – Available in composite and aluminum, with round, square, and cable rail/baluster options.
  - RDI – Available in vinyl and aluminum, with round, square, and cable rail/baluster options.
- Post caps, trim, lighting etc. depend on which collection is chosen.
